

Rejuvenative Foods
Provides Natural ACIDOPHILUS **Organic** DELICIOUS SALT FREE

vegi-delite deluxe zing salad

FRESH RAW GLUTEN-FREE VEGAN FREE OF TRANS FATS

Perishable Keep Refrigerated Net Wt. 7.5 oz.

INGREDIENTS: Cabbage*, beets*, carrots*, fresh-squeezed pure lemon juice*, dill*, garlic*. *Ingredients with an * are certified organically grown.* **WHAT IS THIS PRODUCT?** Fresh, raw vegetables (see ingredients) that are ground up, put into a stainless steel container and left to culture for 5-7 days. No water, salt or vinegar is added. We make this Vegi-Delite fresh year-round. Therefore from batch to batch the taste, color and juiciness are different. This Live Zing Salad is cultured and not pasteurized, therefore it has healthful lactobacilli (a microflora, naturally implanted by mother's milk, normally present in a healthy human digestive tract) and enzymes that create a characteristic cultured aroma and that may cause expansion. If it expands, it's still great. Just keep it refrigerated - but do not freeze. These delicious, nonheated, raw, organic, cultured vegetables are one of the richest sources of healthful lactobacilli (including acidophilus) and enzymes available. Other sauerkrauts have been heated, eliminating lactobacilli and enzymes. Add delicious, Live Zing to meals. FRESH, High fiber, Low-fat. **TO PROLONG QUALITY:** Keep as cold as possible (don't freeze). Use spoon to keep surface of product flat; don't leave holes. Immediately put lid on jar and refrigerate. **SERVING SUGGESTIONS:** Add a Live Zing to many meals. Serve with or on: Rice or rice cakes with fresh, raw organic almond butter (or other nut and seed butters or mixtures), tortillas, avocados, vegetables, salads, seeds, nuts, grains, pizza, eggs, potatoes, meat, sandwiches & omelettes. This fresh Vegi-Delite mixes nicely with starches, proteins and vegetables. Babies love a little of the juice from this Vegi-Delite on a spoon.
